Vincent,

Regarding your Academic record, I can provide you with a copy of your transcript. The transcript will have your final grade for the courses you have completed. Unfortunately, I do not have access to the individual examinations that you are requesting. Would you like a copy of your transcript?

Hi Mr. Slenski,

I hope this message finds you well. My name is Vincent Berry and I'm an M2 at CMED. I'm emailing you because I have some questions about my academic record. I would like to review all of my exams for the Neuroscience and Behavior and Gastrointestinal Organ System course. Specifically, I'd like to look at my midterm exams, final exams, and anatomy lab practicals for both courses. Moreover, I'd like to see my Neuroscience and Behavior retake exam for both the didactic component (NBME) and anatomy lab component (CMED), as well as the neuroanatomy remediation exam (CMED)

Thanks so much. Hope you have a good weekend.

Sincerely,

Vincent Berry
